WHY MANAGE PAIN WHEN YOU COULD ELIMINATE MOST OF IT LIKE DONNA DID! DEPRESSION 100% GONE IN ONE DAY! SUICIDAL TENDENCIES GONE IN 2 DAYS!

Donna Riviello

On May 19, 2007, depressed, desperate and riddled with intolerable pain, I went to Cee-Kay Auto to pick up water cure information. I did the program and within 2 weeks my pain had decreased 75%. My doctor told me to keep doing what I was doing, "I cannot argue with proof," he said.

Update: August 25, 2007- Donna Riviello, LPN- RSD, I now have much of my life back, no more \$3,000 painful shots that delivered minimal results, I lost 25 pounds and above all, my children have their mom back. Yet the most amazing thing is my 17 years of extreme pain, suffering, and tears has enabled me to experience the joy of helping other people get well too without costing them one cent. **I'd love to speak to you and your group. Email Bonita45@hotmail.com or call 570-457-5801.** It hurts me to know that countless people are suffering needlessly when the solution is right in our kitchens. I don't want anyone to suffer the way I did. I want to thank God for helping me by helping you. I wonder why our 2200 billion dollar a year medical system, which failed to help me, has no interest in learning how a no-cost solution did. Even our legislators and newspapers have no interest. **WHY???** View my interview on WYOU TV at http://www.watercure2.org/Video/wyou_interactive_riviello.wmv and also hear Jim Rising's amazing story, "Cured of Diabetes!" DVD's of this interview may be borrowed at Cee-Kay Auto in Moosic.

SOUND TOO GOOD TO BE TRUE? THAT'S WHY HUNDREDS OF YEARS AND TRILLIONS OF \$\$ COULDN'T CURE IT! IT'S TOO SIMPLE

The following explanation is all according to the research of F. Batmanghelidj, M.D.

1. The body of anyone severely dehydrated is in an acid state which causes a degenerative condition. That means it cannot repair itself. Cancer, like any degenerative condition, cannot be cured until the body is put into a regenerative or slightly alkaline state.
2. Cancer is a group of immature (primitive) cells that can only live in a low oxygen, high acid environment. Therefore, the cure to cancer is to reverse those conditions by making the body slightly alkaline. Caffeine and alcohol are the worst causes of acidity and low oxygen because they take water out of the body making a low water condition even worse. Water and high mineral sea salt, the two most life essential nutrients, are the only things that can reverse the process. It is also the reason why a saline IV, a quart of water with salt in it is the #1 protocol in every hospital.
3. As the body grows more alkaline and less acidic due to more water and sea salt intake and less caffeine and alcohol intake, the blood circulation is expanded (because, healthy blood is 94% water), thereby bringing more oxygen to the point of cancer. That allows the primitive cancer cells to mature into normal cells and the malignancy should always disappear.

DREW BAUMAN OF OLD FORGE CURED OF TERMINAL CANCER HE IS STILL CANCER FREE AFTER SEVEN YEARS.

He had one malignant tumor removed at Geisinger Hospital, but in thirty days 26 more tumors came back and he was sent home in a terminal state. That was because his body was still in a high acid, low oxygen condition, so there was no way the cancer could be cured by cutting it out. But once he went on the water cure, he quickly saw results within four days as his body became more alkaline as his dehydration state was eliminated. The immature cancer cells then matured, leaving him 100% free of cancer in less than six months, as confirmed by his astonished Geisinger doctors.

This proves that cancer is not a disease, but just a symptom of extreme drought in the body. I have seen many other so-called incurable degenerative diseases cured after the drought was corrected.

M.D. SAYS, "SALT YOUR WAY TO HEALTH"

THIS BOOK IS BY DAVID BROWNSTEIN, M.D., A DOCTOR WHO SAYS, "MY MEDICAL TRAINING WAS CLEAR: A LOW-SALT DIET WAS GOOD AND A HIGH-SALT DIET WAS BAD. NOT ONLY DID I FIND A LOW-SALT DIET INEFFECTIVE AT LOWERING BLOOD PRESSURE, BUT I ALSO FOUND A LOW-SALT DIET MADE MY PATIENTS MISERABLE DUE TO THE POOR TASTE OF THEIR LOW-SALT FOOD. I NEVER SAW ANY POSITIVE BENEFITS WITH A LOW-SALT DIET."

HIGHLIGHTS FROM "SALT YOUR WAY TO HEALTH"

- There is little data to support low-salt diets being effective at treating hypertension for the vast majority of people. Also, none of the studies looked at the use of unrefined salt, which contains many valuable vitamins and minerals such as magnesium and potassium, which are vital to maintaining normal blood pressure.
- Government sanctioned studies back the claim.
- Why it's impossible to have good health with 3 mineral table salt and easy with 80 mineral unprocessed sea salt.
- A salt deficient diet and/or a mineral deficient diet will lead to a cascade of events that start with suboptimal adrenal function and eventually leads to adrenal exhaustion which can cause arthritis, cancer, fibromyalgia and autoimmune diseases.
- Refined salt lacks minerals and causes acidosis (a lowered pH). Our bodies were meant to function optimally with adequate mineral levels and adequate salt intake. Only the use of unrefined salt can provide both.
- The long-term ingestion of refined salt leads to cellular problems as well as the onset of chronic illness.
- Local doctors, Gary Weisberger, a chiropractor, and P.J. Marcelletti, a naturopath also advised patients to avoid salt. After seeing a huge cancerous tumor over a dog's eye reduced by 50% in three days after putting unrefined salt in his food and water, they became believers. Gary got rid of a foot problem and 80 excess pounds and P.J. got rid of most symptoms of Chron's disease. Each saw great results in their patients also.

F. Batmanghelidj's discovery of the water cure resulted in Woman's World doing four headline features on The Slimming New WATER CURE!!! PLEASE SHOW THIS TO YOUR DOCTORS!!!

SUCCESS STORIES

Marcy Lost 45 lbs!

Texas Realtor Marcy Johnson, 55, hit the internet for diet help, and "discovered" water. "The more I drank the less I ate!" she says. Down 45 pounds, she helped her daughter Jodi, lose big, too!

Jodi lost 40 lbs!

Jodi Rutledge, 32 used to blame an out-of-control appetite for her weight problems. But, after taking a tip from mom Marcy, "I realized I was just thirsty!" says The Woodlands, Texas, video editor, down 40 lbs in five months. "Water leaves you so satisfied, you don't want a snack. And it makes you crave healthier foods, too!"

Bonus! 5 Ways Water Acts Like Medicine

When it comes to water's benefits, losing weight and gaining energy are just the tip of the iceberg. Researchers now believe that ordinary tap water helps reduce the risk of kidney stones, urinary tract and bladder cancer and possibly even colon cancer. There is also evidence, says Fereydoon Batmanghelidj, M.D. author of *Your Body's Many Cries for Water*, that...

Water also helps cure...

Chronic fatigue

Water keeps blood from thickening, so it can speed through blood vessels, delivering energizing oxygen to all our cells, says Dr. Peeke.

Kidney Stones

Studies prove that water helps dissolve problem calcium in urine, reducing the risk of stone formation.

Arthritis and body aches

Water plumps cartilage and makes muscles less prone to spasms; 8-10 glasses a day has been shown to decrease back and joint pain.

1 It prevents the common cold. Moisture in your throat holds the antibodies that fight off viruses. If you're even slightly dehydrated, this natural protection disappears.

2 It controls Migraines. Without plenty of water you are more likely to have an attack.

3 It helps lower "bad" cholesterol. When you're dehydrated, your blood becomes thick and acidic and can cause damage to arterial walls. Levels of LDL cholesterol rise in response to coat the arterial walls.

4 It may cure asthma. When you're not getting enough water, your body produces more histamine, which regulates how often your bronchial muscles contract. Drinking water decreases production of histamine

5 It soothes arthritis pain. Water in the cartilage of your joints acts as a lubricant.
